

# KANAK BARI

Frontend Developer | React.js

barikanak19@gmail.com | LinkedIn | Github

+91 7249415485 | Mumbai, Maharashtra, India

## About Me

I am a Frontend Developer with a strong foundation in **HTML, CSS, and JavaScript**, and hands-on experience building **responsive and user-friendly web applications** using **React.js**. I enjoy creating clean UI designs and smooth user experiences with a focus on performance and accessibility.

I have worked on projects such as a **personal portfolio website**, an **e-commerce application**, and a **weather web application**, where I implemented responsive layouts, interactive components, and API integrations. I am familiar with the MERN stack and have basic experience in backend integration using **Node.js** and **Express.js**.

I am continuously learning modern frontend technologies and best practices to improve my skills. I am passionate about building real-world applications, collaborating with teams, and growing as a frontend developer.

**React.js | JavaScript | HTML | CSS | Git | GitHub | Responsive Web Design**

## PROJECTS

### Portfolio Website

[Live - Vercel](#)

- Tech: *Html, Css, JavaScript*
- Designed and developed a fully animated and responsive portfolio website with smooth UI transitions and interactive sections to showcase projects and skills.

### To-Do List (Task Manager) – React Project

[Live - Vercel](#)

- Tech: *React.js*
- Developed a React-based task management application with features like add, delete, and complete tasks, along with filter options (All/Completed/Pending).
- Implemented local storage to persist tasks and improve user experience.

### E-Commerce Website (Ongoing)

- Tech: *Html, Css, JavaScript, React, Node.js, Express.js, MongoDB*
- Currently developing an e-commerce website with product listing and shopping cart functionality using the MERN stack, focusing on responsive design and basic backend integration.

### Weather Website (Ongoing)

- Tech: *Html, Css, JavaScript, API*
- Developing a weather website that fetches real-time weather data using public API and displays temperature and location-based forecasts.

## TECHNICAL SKILLS

**Languages:** Html, Css, JavaScript, Python, Java, C++

**Frameworks:** React.js, Node.js, Express.js, Next.js (Basics)

**Backend:** Node.js

**Database:** MongoDB

**Developer Tools:** Git, Github, VS Code, Vercel

## EDUCATION

### Sonopant Dandekar Shikshan Mandali College

Mumbai, Maharashtra

Bachelor of Science in Information Technology

Aug. 2024 – 2027 (Expected)

University of Mumbai
